NOTICE—It will be seen that we offer only 1 year old vines. The 2 year vines offered by many firms are nothing but merely culls transplanted and grown another year, then called 2 year, for which a higher price is realized, but our facilities are such that our vines are strong and vigorous and never have any trouble to dispose of same, hence, are not troubled with 2 year stock which we claim are inferior to our 1 year No. 1 vines.
